THE NATION'S MOST MODERN CHASSIS FLEET

In transportation, modern means schedules are met and employees are treated with regard for their safety. We provide the newest fleet of OEM chassis equipped with radial tires, hub-piloted disc wheels, anti-lock braking systems and LED lighting. Auto inflation system is standard on all specialty equipment (optional on 20' and 40' marine chassis).

- 20', 40' marine chassis, 33' tri-axes, 40' tri-axes, 40'/45' extendable length chassis, 20'/40' combo chassis with spread-axle or tri-axle configurations
- 53' domestic chassis
- Ability to provide Premium Chassis in more than 30 locations nationwide
- Daily rentals easily accessed through ChassisFinder at milecorp.com/chassisfinder

Who We Are

With a combined fleet of over 80,000 chassis, trailers and domestic containers – Milestone is one of the nation’s most comprehensive lessors of transportation equipment. Since 1995, we have provided asset management services, financing, maintenance and more to customers that describe us as flexible, trustworthy and customer-centric. *Let us optimize your transportation needs!*

PERSONAL ATTENTION & SOLUTIONS BUILT TO SUIT

Over the last 20+ years we have learned that your business requires a partner that understands your challenges, anticipates needs and works with you to address challenges. We do this by:

- **Creating open-architected leases that reflect your set goals**
- **Offering short-term and long-term leasing solutions**
- **Maintaining daily rental pools of containers, trailers and chassis**
- **Providing customer-specific fleet logistics optimization**
- **Optional maintenance-provided leases available**
- **Hosting a self-service, web-based reservation system for 24/7 access**
- **Structuring financing plans that accommodate customers’ needs**
