PERSONAL ATTENTION & SOLUTIONS BUILT TO SUIT

Over the last 20+ years we have learned that your business requires a partner that understands your challenges, anticipates needs and works with you to address challenges. We do this by:

- **Creating openly-architected leases that reflect your set goals**
- **Offering short-term, long-term and surge capacity leasing solutions**
- **Maintaining daily rental pools of containers, trailers and chassis**
- **Providing customer-specific fleet logistics optimization**
- **Including maintenance as part of your contract**
- **Hosting a self-service, web-based technology tool for 24/7 access**
- **Structuring financing plans that accommodate customers' needs**
- **Asset fleet purchase and leaseback programs customized with attractive terms and rates**

A PASSION FOR INNOVATION

Rob Thull founded Milestone Equipment Holdings in 1995 with a passion for innovating in order to better serve customers and drive the transportation industry forward. Milestone is proud to continue this legacy as the nation's leading transportation equipment lessor – having over the years acquired not just assets, but a team of industry leading professionals.
